

Bio Solvent Degreaser

SmarterSolutions⁺_{TM}

Solvent Cleaner

- Biodegradable
- Non-Toxic
- Non-Flammable

Description

Bio Solvent Degreaser is an environmentally safe biodegradable alternative to toxic solvents specifically designed for rapid solubilization of grease, oils, and brake dust found on automotive & heavy equipment. It is the only choice for solvent degreasing in environmentally sensitive areas. It is also widely used for degreasing of heavy bitumen type soils. Bio Solvent Degreaser is VOC exempt.

VOC's (Volatile Organic Compounds): In addition to contributing to ozone and smog formation, VOC 's can have adverse effects on human health. Many VOC's have been classified as toxic and carcinogenic. It is therefore unsafe to be exposed to these compounds in large quantities or over extended periods of time.

Sizes: Available in various sizes

Product Features

Bio Solvent Degreaser is available in various sizes. It contains bio-based solvents and plant-based wetting agents that allow it to be rinsed with water. Bio Solvent Degreaser contains no chlorinated hydrocarbons, benzenes, toluenes, or xylenes. This green product works as well or better than a conventional product. It is very effective and environmentally safe. Before using this product please refer to the Material Safety Data Sheet for all safety and handling information. Please contact your local manufacturing associate for various application details.

Applications

Apply product to surface by using low pressure pump sprayer, brush, mop, or rag. Let it stand 3-5 minutes. The surface can then be rinsed with a high pressure washer or hot steam pressure system. Consult your associate for various application details.
