

Daily Airborne Odour Eliminator

SmarterSolutions⁺_{TM}

HOCl Airborne Mist

- *Safely eliminates tough organic airborne odours*

Description

Using a proven, non-toxic active ingredient, the Daily Airborne Odour Eliminator safely eliminates tough organic odours within your home, workplace, or any interior space. Safe enough to be used numerous times per day, permanent misting systems can be designed to mist at or near the source of the offensive odour. Manufactured in southern Ontario, Daily Airborne Odour Eliminator's no-rinse, no-residue antimicrobial mist gently removes unwanted airborne odours using only pure and natural ingredients.

The active ingredient behind the Daily Airborne Odour Eliminator is HOCl. After HOCl has completed its task, it breaks down to a saline solution. To learn more about the science behind HOCl, visit HOClinside.com.

Sizes: 500 ml; 1 litre; 4 litre; 20 litre; 210 litre
