

Grease Trap Cleaner

SmarterSolutions⁺

Environmentally Safe Biological Treatment

- *Non-Alkaline*
- *Fast Acting*
- *Odour Control Multi Strain*
- *Reduces FOG & BOD*
- *Highly Effective against Vegetable Oils*

Description

Grease Trap Cleaner is a liquid biological bacterial treatment that works immediately to maintain grease traps and drains, and control odours in dry septic systems such as pit toilets. It also controls fats, oils, and greases (FOG) and biochemical oxygen demand (BOD) in sewage treatment plants. Grease Trap Cleaner degrades FOG and liquefies and digests organic waste, leaving a pleasant odor. The biodegradable demulsifying surfactants separate water from FOG allowing grease traps, separators, and bacteria to work more effectively.

Sizes: 1 litre; 4 litre; 20 litre; 210 litre

Product Features

With its blend of 7 highly effective strains, Grease Trap Cleaner's biological action reduces odors caused by grease traps within hours of application. Its proven technology rapidly degrades vegetables, soy, canola, and olive oil. It also features: enhanced anaerobic and aerobic activity; superior germination outgrowth; and it is a highly effective deodorizer. Its grease biodegradation action significantly outperforms competitive products.

Applications

Grease traps	Food plants
Wet wells	Toilet bowls, urinals, and drains
Sewage plants	Portable toilets / Outdoor toilets

Physical Properties

Appearance:	Turbid, straw color
Odour:	Fresh, pleasant neutralizing odour
pH:	6.5-7.5
Enzyme Production:	Lipase/Protease/Amylase/Cellulase/Urease
Bacterial Count:	757 billion cfu/gallon 2.00e+08 cfu/ml
Solubility:	Complete with water

- ✓ **Environmentally Safe**
- ✓ **Biodegradable**
- ✓ **Non-Flammable**
- ✓ **Phosphate Free**
- ✓ **Non-Acid**
- ✓ **No CFC's**
- ✓ **No VOC's**
- ✓ **Non-Corrosive**
