

HD Cleaner for HVAC Systems

SmarterSolutions+TM

Acid Replacement

Description

HD Cleaner for HVAC Systems is a powerful and completely safe, non-corrosive descaling solution for the removal of stubborn water scale in industrial applications such as boilers, condensers, and heat exchangers. Onsite use eliminates cost of dismantling equipment, sending it off-site for cleaning services, and reassembling.

Sizes: 4 litre; 20 litre; 210 litre

Product Features

Safe for use in food establishments, HD Cleaner for HVAC Systems has absolutely no corrosive or harsh fumes; it is biodegradable and environmentally safe; and it is easy to use.
