- ✓ Non-Corrosive

555 Wentworth St. E., Unit 2
Oshawa, ON L1H 3V8
Office Phone: 905-720-0214

Description

Parts Washer & Degreaser contains a complex and very unique mixture of nonionic and anionic plant based surfactants with natural mineral complexing agents. It is an excellent choice for chemical cleaning of hydrocarbon foulants such as oils, greases, waxes, gums, and tars. Safe on all ferrous and non-ferrous metals, Parts Washer & Degreaser provides a highly effective and easy-to-use alternative to compounds containing volatile organic solvents, halogenated solvents, petroleum-based degreasers, and inorganic phosphates.

Sizes: 4 litre; 20 litre; 210 litre

Product Features

Parts Washer & Degreaser contains no heavy metals; it is biodegradable; it is environmentally safe; and it exhibits little environmental impact when disposed of properly. This green product works superior to conventional non-green products. Before using Parts Washer & Degreaser, please refer to the Material Safety Data Sheet for all safety and handling information.

Applications

Auto garages	Industrial machine shops
Bicycle repair shops	Machine shops
Motorcycle repair shops	Auto parts
Mechanical repair shops	Welding shops
Fabrication facilities	Agricultural repair shops

Physical Properties

Physical State:	Liquid
Odour/Appearance:	Water thin, clear blue, mild odour
