

# Pure Stabilized HOCl

Smarter Solutions<sup>+</sup>

- Non-hazardous
- Non-toxic
- Non-corrosive
- Environmentally friendly

## Description

Using a proven, non-toxic active ingredient, Pure Stabilized HOCl is manufactured in southern Ontario. In order to produce a pure and highly stable HOCl product with an optimum pH level, Smarter Solutions uses only premium and proprietary manufacturing procedures and ingredients. Smarter Solutions produces its world class stabilized HOCl naturally using ionized water, salt, and hydrogen.

The active ingredient – HOCl – occurs naturally in all mammals' immune systems. After HOCl has completed its task, it breaks down to a saline solution. To learn more about the science behind HOCl visit [www.hoclinside.com](http://www.hoclinside.com)

*Sizes: 500 ml, 1 Liter, 4 Liter*

## Product Features

Pure Stabilized HOCl is non-toxic, pH neutral, environmentally friendly, rinse free, fragrance free, paraben free, alcohol free, hypoallergenic, and non-sticky. It is non-corrosive; it is easy on all surfaces, and it contains no dangerous chemical byproducts. Contains no additives, bleach, dyes, and VOCs.

## Applications

Pure Stabilized HOCl has many applications. HOCl can be used everywhere: personal use, home, business, childcare, automotive, industrial, agriculture, hospital, veterinary, cosmetic, and so on.

## Physical Properties

Physical state:	Liquid
Odour:	Odourless, fragrance-free
Appearance:	Clear
pH:	7
Manufactured concentration:	300 ppm
Efficacy:	Highly effective between 100 - 300 ppm

- ✓ Environmentally Safe
- ✓ Biodegradable
- ✓ Non-Flammable
- ✓ Phosphate Free
- ✓ Non-Acid
- ✓ No CFC's
- ✓ No VOC's
- ✓ Non-Corrosive
