

CleanSmart Surface Cleaner & Disinfectant

SmarterSolutions+™

Cleaner and Disinfectant

- Kills fungi
- Kills fungi
- Kills viruses

Description

CleanSmart Surface Cleaner & Disinfectant is an eco-friendly, multi-purpose cleaner and disinfectant. Manufactured in southern Ontario, CleanSmart Surface Cleaner & Disinfectant's no-rinse, no-residue disinfectant technology kills 99.9% of germs including bacteria, viruses, and fungi using pure and natural ingredients. It kills human coronavirus, listeria, E. coli, Salmonella, Clostridium difficile, and many more. It controls mold, mildew, and athlete's foot.

The active ingredient behind the CleanSmart products is HOCl. After HOCl has completed its task, it breaks down to a saline solution. To learn more about the science behind HOCl visit www.hoclinside.com

Sizes: 60 ml; 500 ml; 1 litre; 4 litre

Product Features

Certified for use in Canada by Health Canada and by the EPA and FDA in the USA, CleanSmart Surface Cleaner & Disinfectant products are hospital grade; can be used on food contact surfaces; non-hazardous; no dangerous chemical byproducts; rinse-free; fragrance-free; hypoallergenic; up to 100x more effective than bleach; and environmentally safe.

Applications

CleanSmart Surface Cleaner & Disinfectant can be used on all hard surfaces, water lines, pipes, kennels, non-critical medical devices, tanks, troughs, food contact surfaces, plants, vegetables, and fruits. Applications include Hospitals, Health Care Facilities, Food Premises, and many Commercial, Institutional, and Industrial settings.
