

Fleet Wash

SmarterSolutions⁺

Automotive Wash and Wax Solution

Description

Fleet Wash is an environmentally safe detergent used for car fleets and light truck fleets. It can be used to wash vehicles by hand or it can be used in power washes or automatic car washes. It contains new surfactant technology that provides incredible wash and rinse-free results. Shines, protects, and prevents oxidation, Fleet Wash provides a brilliant shine and is completely compatible with clearcoat finishes.

Fleet Wash has a unique sudsing profile that prevents residual buildup of detergent. When rinsed, it sheets off with no beading of water that causes spotting. It dries instantly into a brilliant shine.

Sizes: 500 ml; 4 litre; 20 litre; 210 litre

Product Features

Fleet Wash is highly concentrated, economical, user friendly, and requires no special Personal Protective Equipment.

Applications
