- ✓ No CFC's
- ✓ No VOC's
- ✓ Non-Corrosive

Description

Bug & Tar Remover is an excellent choice for cleaning hydrocarbon foulants such as oil, grease, wax, gum, and tar. This feature makes it particularly ideal for cleaning bugs, gums, tars, and other hard-to-remove grime from the exterior of vehicles and equipment. Safe on all ferrous and non-ferrous metals, Bug & Tar Remover provides a highly effective and easy-to-use alternative to compounds containing volatile organic solvents, halogenated solvents, petroleum-based degreasers, and inorganic phosphates.

Sizes: 500 ml; 1 litre; 4 litre; 20 litre; 210 litre

Product Features

Bug & Tar Remover contains no heavy metal; it is biodegradable; and it exhibits little environmental impact when properly disposed. This green product works superior to conventional non-green products. Before using this product, please refer to the Material Safety Data Sheet for all safety and handling information.

Applications

Bug & Tar Remover safely removes bugs, gums, tars, and other hard-to-remove grime from the exterior of vehicles and equipment.
