

Pot, Pan & Dish Soap

SmarterSolutions⁺

Liquid Dishwashing Detergent For Handwashing Dishes

- Emollient Enriched
- Biodegradable
- Phosphate Free

Description

Pot, Pan & Dish Soap is a phosphate free, biodegradable, concentrated liquid hand dishwashing detergent. It is mild and gentle to the skin yet provides rich, foamy suds even in extremely hard water. Pot, Pan & Dish Soap rinses without spotting and streaking. It holds a steady suds level while emulsifying grease and oil. When dissolved in warm water, Pot, Pan & Dish Soap efficiently removes grease and other soils from eating utensils and caked on foods from dishes, utensils, glassware, and pots and pans. It may also be used for general cleaning of any hard surface that is not harmed by water alone. This product has high foaming characteristics and should NEVER be used in dishwashing machines. For normal operations, use 2 to 3mL per litre of water.

Sizes: 500 ml; 1 litre; 4 litre; 20 litre; 210 litre

Product Features

Gentle formula for hand dishwashing. Effectively cuts grease and oil. Loosens caked-on foods from dishes, even pots and pans. Provides long lasting, rich, and foamy soap suds. Will not leave hard water spots or streaks on glassware.
